**Examiners and Candidates Check List**

The following is a short checklist of matters to discuss with the candidate taken from this document. This checklist can be used to ensure that all points raised above have been discussed with the pilot prior to any flights:

- 1 Has the candidate read: - The MFNZ members manual  
Local site rules (if applicable)
  
- 2 Discuss whether the model is suitable in "these conditions"
  
- 3 Any "no fly zones" need to be identified
  
- 4 Remind candidate to talk you through anything that the helper does for them as the test progresses (includes Tug pilot briefing if an aerotow is being used)
  
- 5 Agree model position after the launch and straight flight tasks (d & e) are completed
  
- 6 Agree any Airspace requirements that need to be pre-determined by the Examiner and Candidate prior to the commencement of the test flights
